4. [redacted] - [redacted]

25X1A

5. Mr. [redacted] Chief, Plans and Policy Branch, ORE stated that the budget of the Board on Geographic Names had been cut by the House Appropriations Committee from \$90,000 to approximately \$13,000 and they have requested our support to get this cut restored in the Senate. After discussion with [redacted] regarding the 25X1 advisability of supporting this project, it was determined that this would not be advisable at the present time due to the fact that the CIA budget was already made up to include a sufficient sum to reimburse the Board on Geographic Names for any and all services they would furnish to CIA in the Fiscal Year 1949 and that CIA interest did not extend beyond this period.
